Enclosures 1

Sub:- MEDICAL OFFICERS - L.F.Medical Institutions - Creation of posts of Assistant Surgeons in 3 Hospitals instead of Sub.Asst.Surgeons- Sanction Sought.

--

All the Medical Officers working in the L.F.Medical Institutions except that of Taluk Headquarters Hospital, Karkal under this District Board are allowed the grade and scale of pay of Sub.Asst.Surgeons (Please see G.O.No.Ms.103.P.H., d/16-1-35). A civil Assistant Surgeon is however working at L.F.Hospital at Karkal whose pay etc., is borne by Government.

2. Three out of the four medical graduates have left the service of the District Board by tendering ~~therein~~ their resignation as they found the scales of pay sanctioned for Sub.Asst.Surgeons too low with no prospects of getting into Assistant Surgeon's cadre. Only one medical graduate is now continuing in service and he too has declined to come under the recent revised scales of pay as he is already drawing the maximum of the pay of Sub. Asst.Surgeons and it is likely that he may eventually leave the service as the revised scales of pay recently sanctioned by Government does not benefit him.

3. At present ~~many~~ very few Licenciates in modern medicine come forward to accept service under the Board, on account of not only the low scales of pay but with no prospects of getting anything higher in service.

4. In order to make medical servi-ce under this Board more attractive, it is quite necessary that ~~at~~ at least three posts of Asst.Surgeons are ~~sanctioned~~ for this District Board for three Hospitals, at Buntwal, Belthangady and Mulky and allowed the scales of pay of Assistant Surgeons to the Medical Officers posted to these Hospitals.

6. Unless Government make this essential service under the District Board more attractive, the medical institutions run by the District Board are bound to suffer both in efficiency and popularity.

For Special Officer.

Surgeon.General with the Govt. of Madras, Madras 6-

The Secretary to Government,
Education and Public Health Department, Madras.

Ref. 12255-3-M2 Dated 22-6-48.

Sir,

Sub:- Medical Officers - Local Fund Medical Institutions - Creation of posts of Assistant Surgeons in hospitals in South Kanara District.

With reference to the Government memorandum No. 8195/48-4-G2. P.H., dated 27-5-1948, I have the honour to furnish information on the points referred to therein:-

1. Appointments of Assistant Surgeons are sanctioned for Government Medical Institutions with reference to the importance of the place and the nature of work done in the institutions. For instance, it may be stated that at Saidapet (Chingleput district) with 257 out-patients and no in-patients, there is an Assistant Surgeon in charge. In the same way the Government Dispensary at Tiruvellore (Chingleput district) with 385 out-patients, there are two Assistant Surgeons (one male and one woman). It will be seen from the Government memorandum No. 39625/45-3, P.H., dated 3-12-1945, that it is the intention of Government that in hospitals with a daily average attendance of 150 patients, there should be an Assistant Surgeon and an additional Assistant Surgeon if the daily attendance is in excess of 50 over and above the limit of 150 referred to above. Further, it is also the intention of Government that Local Fund Medical Institutions at Taluk Headquarters should be in charge of Assistant Surgeons. The above principle may be applied to the Local Fund Medical Institutions also with the modification that an Assistant Surgeon be appointed if the daily average out-patients is not less than 200.

2. As regards the 2nd point referred to in the above Government memorandum, the conditions of service for medical men in Local Fund and Municipal employ are not less attractive than those laid down for Government Medical Officers except in the matter of pay. The pay for Government Civil Assistant Surgeon (Class II) is Rs. 100-230 while the scale of pay for Local Fund and Municipal Sub Assistant Surgeons is Rs. 80-150. The Local Fund Medical Officers enjoy the privilege of unrestricted private practice and are not liable for transfer out of the District or to do arduous duties such as, famine epedemic, festival, agency, inland and jail duties. They are also not liable for Military duty as in the case of Government Sub Assistant Surgeons. The fixation of a lower scale of pay for Local Fund and Municipal Sub Assistant Surgeons cannot be said to be making the Local Fund service less attractive in view of the definite advantages mentioned above which are enjoyed by Local Fund and Municipal Medical Officers.

3. Of course, the chances of promotion of Sub Assistant Surgeons in Local Fund and Municipal service to higher ranks are nil in certain cases and very few in most cases as there are no posts of Assistant Surgeons in certain

Districts and very few posts of Assistant Surgeons exist in other Districts. If the District Boards and Municipalities agree to create some posts of Assistant Surgeons on the basis of the suggestion contained in paragraph 1 above, there will be scope for promotion of Local Fund and Municipal Sub Assistant Surgeons to the rank of Assistant Surgeons. But, this is a matter purely for each District Board to consider taking into consideration their financial position and the importance of the stations where Local Fund Medical Institutions are working.

Your obedient Servant,

for Surgeon-General with the Govt. of Madras.

Surgeon-General with the Government of Madras.

To

The Secretary to Government,
Education and Public Health Department, Madras.

Ref.No. 12255-M2 Dated 17th July 1948.

Sir,

Sub: Establishment - Local Fund Medical Institutions - Medical Officers - Creation of posts of Assistant Surgeons in South Kanara District.

Ref: Telephonic Message dated 16-7-1948 of the Education and Public Health Department.

I forward herewith a copy of Government Memor ndum No. 39625/45-3 G P.H. dated 3rd December 1945 (regarding Medical Service - Appointment of Assistant Surgeons under Post-war Scheme) as desired. This is an original memoradndum from Government for which there is no correspondence in this office. Final orders of Government on this subject have been issued in G.O.No.Ms. 3013, P.H. dated 5-9-1947 (copy enclosed for ready reference).

Yours faithfully

for Surgeon-General with
the Government of Madras.

Copy of Government Memorandum No. 39625/45-3.G.P.H. dated 3rd December 1945.

Sub: Medical Services - Appointment of Assistant Surgeons under post war schemes - Proposals.

In connection with the question of appointing graduates returning from war, it has been suggested that in hospitals in which the daily average attendance of out-patients exceeds 150, an additional Assistant Surgeon may be appointed as it will not be possible for a single doctor adequately to treat more than that number in a single day. If the above suggestion is accepted, additional Civil Assistant Surgeons will have to be appointed in out-patient departments attached to Government hospitals and

p.t.o.

and also in dispensaries including those in charge of Sub-Assistant Surgeons i. which the daily out-patient attendance is more than 150. It has been suggested that additional office s may be appointed only if the daily ave age attendance is in excess of 50 over and above the limit of 150 referred to above. The Surgeon-Geneal is requested to, submit detailed proposals furnishing information as to the number of institutions having a daily attendance of more than 150 which require additional number of Civil Assistant Surgeons under the above proposal and the number of officers to be employed.

2. The Surgeon-Gene al is also requested to consider the question whether in any particular institution in-patient attendance also justifies the increase of medical officers of the grade of Civil Assistant Surgeons, and if so to submit proposals in this respect.

3. The Surgeon-General is also requested to state whether all the taluk Headquarter institutions are now in charge of Assistant Surgeons, if not, he is requested to consider whether it will not be necessary to appoint Assistant Surgeons in these institutions in pl ce of Sub ssistant Surgeons, if the new rural ispensaries which are smaller than taluk headquarters institutions are to be in charge of Civil Assistant Surgeons. He is also requested to state whether in view of the arrang ment proposed in regard to the new rural dispensaries there are medical institutions other than taluk head quarter institutions which are in charge of Sub-Assistant Surgeons and which should also be put in charge of Civil Assistant Surgeons.

4. The Surgeon-General is requested to report the extra expenditure to be incurred under the proposals referred to above.

Copy of G.O.Ms No. 3013, P.H. dated 5th September 1947.

Sub: Establishment - Medical Institutions - Replacement of Sub Assistant Surgeons by Assistant Surgeons and appointment of additional Assistant Surgeons - Orders passed.

. . . .

The Government have considered the proposals of the Surgeon-General submitted with reference to Memorandum No. 39625/45-3 G.P.H. dated 3-12-1945 for the replacement of Sub-Assistant Surgeons ~~and~~ in taluk headquarters institutions, by civil Assistant Surgeons and for the employment of additional Civil Assistant Surgeons generally in all medical institutions and have decided that these should be left to be done i. the normal course or when the institutions are reorganized under the respective post war schemes.

Memo

Sub:- Medical Institutions — South Kanara District Board — Posts of Sub Asst. Surgeons — Conversion into Assistant Surgeons' posts

Ref:- From the S.O., South Kanara DT Bd C.No. 2064-A4-48 dated 26-4-48
From the S.G., R. 12255-2M2 dated 28-4-48

The S.O., South Kanara District Board is informed that the Govt. do not consider it necessary to convert the posts of Sub Asst. Surgeons in the L.F. Hospitals at Buntwal, Belthangady and Mulky into posts of Asst. Surgeons as the daily average attendance of in and out patients in these hospitals do not justify the conversion. Further all the existing Medical Officers under the Board except Dr. K.S. Amirtha Rao are licentiates and as such they are not eligible to be appointed as Civil Asst. Surgeons.

14-5-48

The S.O., South Kanara Dt Bd.

The S.G.

13/5/48

13/5/48

NOTE:- The S.G. reports that the daily average attendance of in and out patients does not justify the conversion into Civil Assistant Surgeons post. Further he reports that all the existing L.F. Medical Officers except one medical graduate are licencial and as such they are not eligible to be appointed as Civil Asst. Surgeons. The draft memo above is for approval.

13/5/48

14-5-48

13/5/48

What is the minimum average daily attendance required for justifying conversion of the post into that of an assistant surgeon? Has the S.G. any other proposal to make medical service under the Board attractive to medical men? M

19/5

With reference to the minute of H.M (P.H) above a draft memo to the S.G is submitted. If the daily average attendance is less than 50, the post of L.A.S. is not converted into that of an Asst. Surgeon. The S.G may however be consulted on this point also.

JRR 27.5.48

27/5/48

Issued as Memo 8195/48-H2 P.H., d. 27/5/48
No. 46249/48, From the S.G., Ref. 12255-3-M2 dated 22/6/48.

The S.G. suggests that if the daily average out-patients is not less than 200 in the L.F. Medical Institution, an Assistant Surgeon may be appointed in that institution.

As regards the minute of H.M (P.H) at M above attention is invited to the remarks of the S.G in paras 2 and 3 on pp 11-12 cf.

It is submitted that in the Statement of In and out patients submitted by the S.G at p. 7 cf it is seen that the daily average out-patients in the L.F. Hospital at Bantwal is 233. The post of Sub-Asst. Surgeon in that Hospital may therefore be converted into that of an Asst. Surgeon. As the daily average attendance in the dispensaries at Belthangady & Kulkey is only 114 and 139 respectively there is no justification to convert the posts of LAS's into those of CAS. For orders whether a revised draft may be submitted accordingly.

JRR 27/7/48

In the statement of In and out patients furnish
-ly the S.Sg. at p.7 of it is seen that the daily
average out-patients in the L.F. Hospitals at Buntwa
is 233 and that of the dispensaries at Belthangady
and Mulky is only 11.4 and 139 respectively. The
S.Sg recommends that an Assistant Surgeon may be
appointed if the daily average out-patients is not
less than 200. Hence the post of Sub Asst. Surgeo
in the L.F. Hospital at Buntwal alone may be
Converted into that of an Asst. Surgeon.

2. With reference to the Minute of H.M (P.H)
at M on p.2 ante attention is invited to the
remarks of the S.Sg. in paras 2 and 3 on
pp 11-12 of. He Considers that the Conditions of Servic
for medical men in L.F. and Municipal employ are not
less attractive than those laid down for Govt. Medica
Officers except in the matter of pay. The former have investigative
investigation.

3. A draft order is submitted below for
approval.

4/8/48

8/8 H2 (PH)
